

Invitation

The 11th International Fluid Power Conference will take place from March 19th to 21st, 2018 in Aachen. We cordially invite you to Aachen and hope you attend this conference to exchange technical expertise and talk with friends in the field.

As one of the world's largest conferences dealing with Fluid Power it gives users, manufacturers and scientists an ideal forum to discuss relevant issues in the fields of hydraulic and pneumatic drives, controls and systems.

The **Symposium**, scheduled for the first day, aims to present fundamental work and research conducted by academic institutions. The wide range of application and technology oriented topics during the **conference** will be presented in three parallel sessions. Further scientific work will also be on display during the **poster session**. Additionally, the conference gives companies the opportunity to participate in an **exhibition**, thereby allowing them to present new products and services to a broad audience.

Social programme

The official **opening reception** will take place on the first day after the symposium at the exhibition area in the Eurogress foyer. The highlight of the social programme is

the **conference banquet** on Tuesday evening. Attendees will enjoy dinner in the coronation room located in the town hall followed by a relaxing conclusion in the Aula Carolina. Lastly, all visitors, former employees and their partners are invited to the **50th fluid power anniversary party** on Wednesday evening at the historic tram depot.

Cultural programme

Partners are invited to the cultural programme. The first trip's motto is "The Longest Bar in the World" in Düsseldorf. Destination of the second day is Brussels, the heart of Europe.

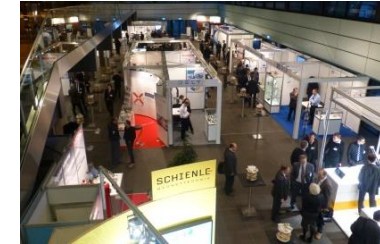

Excursion

Following the conference, visitors may register for a two-day excursion. Several interesting sights like companies and research facilities of the fluid power industry will be visited in the Lower Rhine region.

Exhibition

The exhibition is an excellent opportunity to present new developments and products as well as to get in contact with experts in the field of fluid power. It is possible to rent complete booths, exhibition areas and billboards. The

exhibition will begin in the evening with the opening reception on the 19th of March 2018 and will be held in the lobby of the Eurogress Aachen parallel to the conference on the 20th and 21st of March 2018. The conference program includes special breaks during the conference sessions for all participants to attend the exhibition.

If you are interested in representing your company, further information concerning the conference and exhibition can be found on our website www.ifk2018.com. Please note the exhibition's registration deadline on the 19th of January 2018.

Contact

Detailed information is available on www.ifk2018.com. There you can find the current version of the programme as well as the registration forms for participants and exhibitors.
